GIS Maps	Mike	No change	Working
Database and Website	Ken	No change	Possible beta testing of training modules available through vendors that look useful and affordable.
DIP	Anna Marie /Liz	Completed	Final report: successful event, however small number of participants. Need much larger committee, more publicity. Organized Safety Fair as well for Home Depot did not arrange it as in previous years. Afternoon exercise well received –plan to use again as an advanced training. Participants were appreciative and felt learned a lot.
CERT Mobilization		No change	Rosemary working on specific mobilization plans for entire County. Many players with geographic differences. There is a lot of confusion about self-mobilization and DSW coverage. Possibly using flow diagram for different types of activation with questions and answers.
Mike's replacement			We welcomed Todd Skrabak, Training Officer, Aptos/LaSelva Fire to the WG. He looks forward to teaching and working with CERT.
Code of Conduct	Judy, LizAnne	Discussion	Judy and Liz Anne developed draft Code of Conduct based on review of other CERT Programs throughout State. Discussed recommended changes and final

			draft will be presented at December 7 th WG meeting. If approved OES will review through legal.
